

Rev. Tate Honored For Quarter Century Service At Pacolet Mills Baptist Church

Miss Myrtle C. Venable is shown presenting a box of silver dollars to Rev. and Mrs. Tate on the 25th anniversary of Rev. Tate's pastorate at Pacolet Mills Baptist Church. Mrs. Tate is wearing a cameo pin and Rev. Tate is holding a watch, gifts which they also received in appreciation of their work.

Rev. W. T. Tate was honored on the 25th anniversary of his pastorate at Pacolet Mills Baptist Church during special homecoming services, Sunday, October 15th. In appreciation for his long term of service, the congregation presented Rev. Tate with a beautifully engraved watch and a knife and chain, and Mrs. Tate with a cameo pin. A freewill overflow in gifts was also presented to them in silver dollars. In addition, many former members from all over the state returned to renew acquaintances, and all of the Tate children were present for the day long observance.

During the continuous quarter century of Rev Tate's pastorate at the church, the membership rose from 443 to the present total of 706. The church plant has been enlarged and improved by the building of a Sunday School annex, the remodeling of the auditorium and the purchase of new equipment. Rev. Tate has been active also in county, state and associational religious circles.

A review of the day's program and activities follow:

With the fall elections coming up we are going to hear and see a lot of men professing great love for the common man.

A careless moment can mean a life-time injury. Be careful!

Appreciation

We wish to express our sincere appreciation to the people of the community for the many encouraging words spoken to us, and the beautiful deeds done for us during our 25th anniversary as pastor of the Pacolet Mills Baptist Church. Not only have you made it pleasant for us at this time but throughout the 25 years you have been exceedingly kind to us.

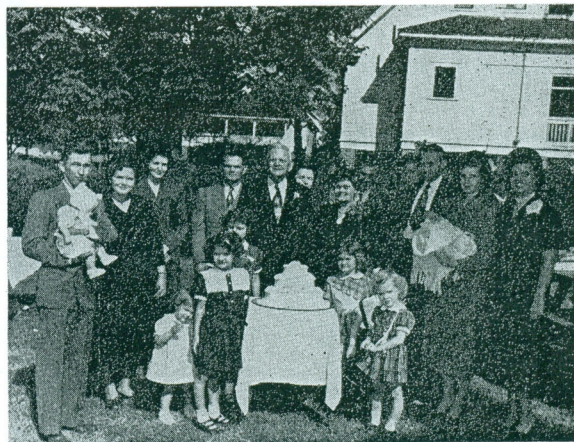

We thank you for the cards, flowers, cameo, watch and chain, and the box of silver dollars you gave us. We assure you that it will all be used for a good purpose and in grateful remembrance of you.

We heartily appreciate the fact that members of other churches in the community attended the afternoon service, and especially so many from the Montgomery Memorial Methodist Church, and for the fine message Rev. J. T. Gregory delivered, and the encouraging words of M. C. Stone.

All these expressions and gifts make us feel very little. In looking back over the quarter of a century we see so many things we might have done and the multitude of mistakes we have made. Since the Anniversary Day it has been our constant prayer that for the remainder of our stay here, we might measure up to what has been said to us and about us, and be humbly grateful for all the things that have been done for us.

The pastor will always be indebted to the Pacolet Mills Baptist Church for what it did in 1935 in sending him to Europe, Asia, and Africa, with all expenses paid,

THE CHILDREN CAME HOME, TOO

Another joy of the day for Rev. and Mrs. Tate was the homecoming of all their children. In the above picture are Mr. and Mrs. Lawrence Tate and children, Mr. and Mrs. Sam Tate and son Billy, Mr. and Mrs. Edwin Smith and children, and Mr. and Mrs. Johnnie Kirby and daughter, Mrs. John Knight and daughter, and Miss Margaret Tate.

The Homecoming

The Baptist Homecoming—now that was something. We saw people we hadn't seen for years. The program was outstanding. The Methodist and Baptist preachers mingled like brothers. Rev. Tucker made a delightful talk, recalling the seven years of being Preacher Tate's neighbor. The choir was a joy to hear and Walter Green is a fine director. All the singers looked as though they were singing for the pure joy of raising their voices in song. The ladies had prepared picnic baskets and the back yard of the church was set with tables and food. I have heard a lot about dinner on the grounds, and now I know it's something no one should willingly miss.

Rev. and Mrs. Tate, with a record of 25 years of service in our community were justly honored at this homecoming.

They called for the people Mr. Tate had baptised to come to the front and a great throng moved forward and stood reverently for a prayer of rededication. Then they asked the people for whom Mr. Tate had performed the marriage ceremony to come forward and another great throng moved to the front. It was all most inspiring, and when Mr. Tate was presented with a beautiful Hamilton watch and a gift of silver coins and Mrs. Tate with a lovely cameo brooch, it seemed a fitting end to a perfect service.

Again we wish to say, THANK YOU. Let us so work together and with the Lord that we may make a still better community in which to live.

Gratefully yours,
—Mr. and Mrs. W. T. Tate.

Distinguished Girl Scout

JANICE KIRBY

Janice, daughter of Mr. and Mrs. Leo Kirby, has achieved the high rank in Girl Scouting, the Curved Bar, which is equivalent to an Eagle Scout. She is the youngest and seventh in Spartanburg and the only girl ever to receive this rank at Pacolet Mills. She has 19 proficiency badges to her credit.

Janice, who is in Junior High School, has a distinguished academic record. She finished her grammar grades as valedictorian of the graduating class, and this year is serving as president of her school homeroom.

She is secretary of the Piedmont Area Girl Scout Junior Planning Board, Patrol Leader in her troop. She is a member of Pacolet Mills Baptist Church and the Girls' Auxiliary and her favorite sports are horseback riding and swimming. Janice also likes to read and has several pets of which one is shown with her in this picture.

Some of these children may develop into artists if you can judge by the expressions of interest shown in their crayon coloring. Under guidance of Home Economics pupils of Pacolet High School, each child attending the two-weeks Nursery School did some art work along with other activities.

ONAL ITEMS OF COMMUNITY INTEREST

Mr. and Mrs. W. P. Goforth and son Billy spent the weekend of Sept. 30th with Miss Margaret Fuller at Raleigh, N. C.

Mr. and Mrs. Harry Green are still after the little fishes. They went this weekend to Lynnvile, N. C. Luck not so good.

Billy Trent, Jimmy Petty, Bill Smith, Jack Martin, and Red Ellison took a fishing trip on the 30th to the Catawba River.

Mr. and Mrs. E. C. Lindsay of Tenafly, N. J., visited the Gatchel Turner family and relatives in September. Mrs. Lindsay was the former Mary Petty.

The Textile Show at Greenville was well attended by Pacolet Mills textile men. Among those present were Ray Petty, Kelly Brackins, Andy Pace, Peg Sullivan, C. F. Lowery, Bryant Mason, Walter Green, Lewis White, Earl Baldwin, Billy Howell, Wilbur Wilkie, Gene Baker, Albert Phillips, Albert Sheehan, and O. C. Brown. They say the show was wonderful and they all had a grand time.

Wilson Hodge and son Billy, and Mr. and Mrs. Otis Williams and family of Spartanburg, went on a picnic trip to Lake Lure. The most interesting thing they did was boating on the lake.

Not Orchids, but Petunias to Miss Estelle Waldrop. She has kept the nurse's office in cut flowers the entire summer. We appreciate it greatly and are sorry the flower season is so nearly over.

Mrs. Florence Banks is visiting relatives at Canton, Mars Hill, and Weaverville in North Carolina.

We had a chat recently with D. M. Elms. He is a man who takes a great deal of pride in his work. He is in charge of the slasher room at No. 3. He has had the same job for 25 years, and has never had a lost-time accident. He says there isn't a thing that goes wrong in the slasher room that he isn't able to fix. He remarked that at one time there had been a number of accidents from lifting beams and heavy loads, but that now everything is lifted by machinery. The room is very clean and orderly, and Mr. Elms says he thinks it is probably the best arranged slasher room in the country. He reads everything he can find on slasher room technique and is constantly thinking of ways to improve the work. It's a real pleasure to visit a man on the job and find him as interested in his work as Mr. Elms.

Stopped in a few minutes to see Paul and Eva Blackwell. They have a store and filling station on the Gaffney highway, and are now building a nice little home adjoining. They have a well and electric pump housed in, and the new building is compact and light with all modern conveniences. Paul is doing most of the work himself, and says as soon as he gets the house in order he expects to beautify the grounds. They have over three acres adjoining the highway and expect to do some planting and gardening soon. Paul works at No. 3 Mill.

Mr. and Mrs. Jimmy Petty, Mr. and Mrs. Billy Trent, and Mrs. Red Harvey, Mr. and Mrs. Bill Smith and Mr. and Mrs. W. P. Goforth went fishing at Lake Murray on the 7th. We hear that L. D. Weathers caught some nice fish at Lake Murray on the same date. He is saving fish in his deep freeze for a family fish fry.

We made a short visit to Mr. and Mrs. Sol Goforth and were very much interested in their new deep freeze. It is a 20-foot box and they have had a great time putting away foods for winter. Mrs. Goforth has chickens, ducks, meat, cooked foods, strawberries, squash, okra, and other foods stored. All of these things were raised on their farm, and they still have two calves fattening and pigs to butcher. When Mrs. Goforth is having guests she cooks her vegetables and desserts ahead of time, puts them in the deep freeze and then when she is ready, takes them out and heats them and has a quick meal without much extra work. She still does some canning. Had a nice supply of pickles, jellies, tomato juice, and some fruits, but is depending on the deep freeze for most of their foods. Mr. Goforth works at Mill No. 3.

Mr. and Mrs. Leonard Green were visitors in September. Leonard, who was born and raised here, is now located in Atlanta, Ga., and is connected with the Government.

We dropped in at the Wayne Williams home. Mr. Williams was celebrating his birthday and all of the children and grandchildren were home. We arrived there for coffee and dessert and had a good time recalling amusing things that had happened through the years in which we had all known each other.

THANKS FOR FREEDOM
WEEK
NOVEMBER 19-25

This time is to be observed in our country as Thanks for Freedom Week. We should all have our attention centered on the "Blessings of Freedom." Too long have we taken our freedom for granted. She is now a technician at the Baptist Hospital in New Orleans and in September received her A. B. degree from Tulane University. We are very proud of Frances and want to restate our opinion that any young person with ambition and determination can get to the top by his or her own efforts.

A group of our good ladies took off for a trip through the Smokies the weekend of the 7th. They included Mrs. Leroy Pace, Mrs. Mary Thompson, Mrs. Annette Owens, and Mrs. Claude Fowler. They spent Friday night at Waynesville, N. C., and visited Mr. Seay who had a motor camp and is half brother to the late Mr. Jim Greene. They drove on to Bryson City, Tenn. They asked a policeman about a good place to eat and when he learned they were from Pacolet Mills, asked them if they knew Mr. J. B. Weeks. Said they were old friends. They went through the Indian Reservation and saw the mountains at their loveliest.

Mr. and Mrs. R. L. Jeffords and daughter Patsy, of Columbia, were guests of Mr. and Mrs. Bill Harrold the weekend of the 7th. Mr. and Mrs. Harold entertained for them with a buffet supper and family party on Saturday night.

Mr. Claude Mabry of Shelby, N. C., was a weekend visitor to relatives here on the 14th.

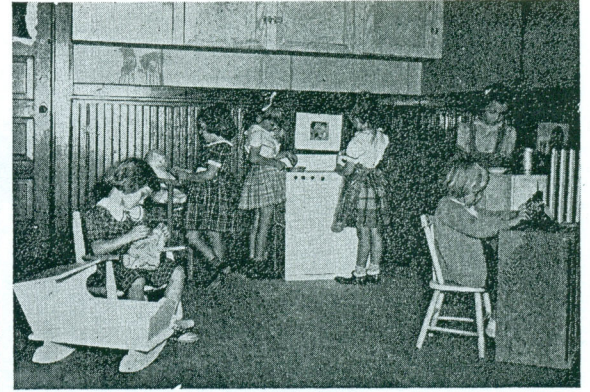

Mr. Lynn McMakin, James Harvey Harrold and Mr. and Mrs. Bill Harrold attended the Clemson North Carolina football game at Clemson on the 7th.

Mrs. J. Z. Robinette and Mrs. Oren Robinette entertained at a buffet supper in honor of Rebecca Leatherwood and Lois Lee. It appears Rebecca and Lois have the same birthdays and Friday the 13th was their lucky day this year. Among the guests were Rev. and Mrs. Tucker of Greenwood, Mrs. Estelle Montgomery, Mrs. Loyd Robinette and Mrs. Walter White.

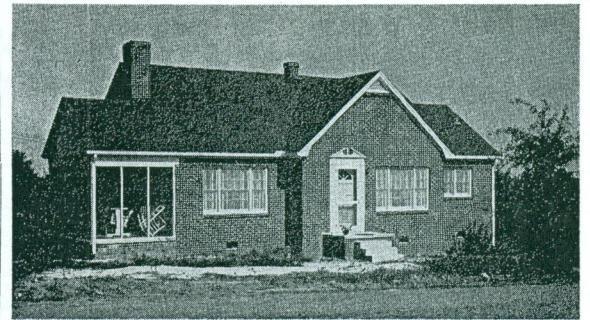

A number of our ladies attended a Missionary Retreat at Myrtle Beach on Oct. 3rd and 4th. Those going were Mrs. J. T. Gregory, Mrs. J. B. Holmes, Mrs. John Allen, Mrs. S. C. Jennings, Mrs. J. A. Patrick, and Mrs. Estelle Montgomery.

Mrs. Virgie Worthy, James Worthy, Mrs. J. Dover and son of Chester, made a trip over a part of the Blue Ridge Parkway on the 15th. They went up by way of Marion, N. C., had picnic dinner at Mt. Mr. Red Ellison, William Padgett, Jack Martin, Haskell Kimberlain, and Willie Goforth went on a fishing trip to Santee-Cooper on the 19th. They report a good time and all the fish they needed to eat while there but we didn't see visible evidence of great fishermen—when they returned.

Thursday, October 5th, the High School ended their pep meeting by having a good old fashioned square dance in the Girls Club. Coach Walker called some very fancy dancing figures and everyone joined in and had barrels of fun.

Mr. and Mrs. Paul Quinn wish to thank the workers at Pacolet Mills for the help they have given them through the Community Chest during Mr. Quinn's long illness. We are always glad to be able to have a part in the Community Chest for we feel that it is one very efficient way of being neighborly.

Mr. James Gowens of Spartanburg and Miss Jessie Paige of Pacolet Mills were married on October 15th.

Mr. Jimmie Hodge and Miss Ruth Bryant both of Pacolet Mills were married on October 19th.

These people have our hearty congratulations and our very best wishes as they begin the journey of married life together. May much peace, health and happiness be theirs always.

Your New Social Security

Effective January 1, 1951, the first \$3600.00 wages paid to an individual for services rendered in covered employment in a calendar year will be taxable for Social Security purposes instead of the first \$3,000.00 of wages as heretofore.

The 1950 amendments provide for a "New Start" whereby wages received by an individual after December 31, 1950 can be used exclusively in determining benefits payable. This "New Start" does not apply unless the worker has a year and one-half of employment (that is, 6 quarters of coverage) after December 31, 1950. When the "New Start" method can be employed the benefit is also figured under the old method using wages since January 1, 1937 and the benefit payable is the higher of the two.

TO OUR SHUT-INS

Well! Here we are for our little chat together and we begin our chat with the sincere hope that in this article that will help to bring new courage and strength to each of your lives.

You could do nothing better to find consolation in your present lot than to let your thoughts turn now to the words written by Paul to the Romans, "And we know that all things work together for good to them that love God, to them who are called according to His purpose."—Romans 8:28.

This is one glorious promise, if believed and claimed will do more than we can tell to calm your fears, stop your doubting and decrease your worries. There are those who have doubted this promise but without any reason to doubt it because it was given by one who had tried the promise out in experience and found that it actually worked. If Paul was convinced that the promise worked then there is no reason for any of us to doubt. His God is our God and the promise is eternally true.

If you will take these words to heart and claim the everlasting promise you can face the future unafraid, knowing that whatever may happen to you or to yours will be for the best, for God's good, your good and the good of others. With faith that is strong enough to lay hold of the promise each of you may, even with your present affliction, look ahead with the assurance that the Eternal God your Heavenly Father will not permit anything to happen to you that He cannot use for your welfare.

So listen: It matters not what your present lot or circumstances in life may be, the eternal truth remains that if you will simply trust God to use your experience to suit His own will you can be able to face the deepest sorrow, the hardest trial and the greatest disappointment with the assurance that the Eternal God it with you, in you and is working with His instruments of toil, pain, suffering, anxiety, and affliction to make your life one of beauty, sweetness and usefulness. It is yours to believe the promise and then enjoy the sweet fruit of the fulfillment.

Please do not think that God has afflicted you or brought unpleasant experiences into your life as a means of punishment. God is love and has no purpose in your suffering except to use it for your good and the good of those whose

lives you may touch.

God is wiser than we are and oftentimes our conception of His purpose in our suffering is far from the right understanding of His will. We do not gain anything by questioning the will of God or trying to understand the way of our affliction. We profit much more by simply trusting God who is pleased to take these lives of ours with all their sins, sorrows, and worries and mold them into something of worth, usefulness and charm for His sake and ours.

Please read carefully these lines as I have tried to compose them for your help:

If life seems—just a dreary day,
Trust God more—He'll light the way.

If life seems—just a heavy load,
Trust God more—He knows the road.

If life seems—dull and hard for you
Trust God more—He'll see you through.

If life seems—just a losing game,
Trust God more—and praise his name.

—By J. T. GREGORY.

Two-Weeks Nursery School Conducted By Home Ec. Girls At Pacolet High

Home Economics pupils at Pacolet High School recently conducted a two weeks play school as part of their Child Care study. The chief purpose of this experiment was to provide actual experiences for the girls in handling and understanding children. Fifteen children, ages 2 to 6 were enrolled, with an average daily attendance of 13.

The Home Economics department was temporarily changed into a play room, containing toys, a housekeeping center, pet corner, and music and art centers.

Home Economics girls, having previously made a study of children and their activities, were divided into groups to supervise the youngsters, different groups being in charge each day. Duties of those supervising included helping children get acquainted with each other, watching them at play, serving lunch of cookies and fruit juice, telling stories to the group, leading songs and games and over-

seeing art work.

The children arrived at 8:30 each school morning and stayed until 11:45, a typical program for the day included getting acquainted, songs and games by the group, free play inside, mid-morning lunch of fruit juice and crackers, and free play outside before time to go home. The children took turns helping with the morning lunch. Rainy days gave ample opportunity for movies; a small projector brought to life such notables as Donald Duck and Roy Rogers. The pet corner included a white rabbit, some gold fish, and two pet squirrels. Each child did some art work, which was later taken home in the form of a booklet.

Children attending were Iris Rose Brown, Ruth Camby, Cecelia Henry, Linda Hood, Ann Millwood, Elaine O'Shields, Dianne Powell, Mary Wood, Phyllis Brown, James Hood, Tommy Kirby, Jimmy Lee, Roger O'Shields, John Pruitt, Dennis Gault, Elizabeth Gossett, and

Home Economics girls believe that their part in the play school was beneficial to them because they learned the characteristics of various age levels. They had experience with many behaviour problems, and learned ways of solving them. Their experiences with small brothers and sisters or other children, limited up until this time, have been broadened to include children of different pre-school ages, and children from many different homes. As a whole the nursery school has provided great opportunity for high school girls to understand, enjoy, and appreciate small children.

Attended Summer Religious Meet

The above three girls from Montgomery Chapel, our negro Baptist Church, attended the Young Peoples' Christian Assembly this summer in Columbia. They are: Bertha Littlejohn, Daisy Lee Smith, Rosa Lee Curry.

This conference was held at Benedict College, August 14-18. Over 200 young delegates from the negro churches all over South Carolina attended. A full schedule of work and worship started daily with the morning watch services and closed with evening vespers. Classes in Bible, Junior Sunday School methods, scouting and recreation were studied.

Montgomery Memorial Methodist Church

We have just closed a very successful year in the work of our Sunday School and have begun what seems to be according to evidences available another year of advancement.

Many of the earnest efforts on the part of our people in the work of the church have been marked by very notable success. The improvement program launched several months ago is progressing nicely with the recent installment of rubber tile in the vestibule of the church by the Womans Society of Christian Service.

Our church building has been made much more attractive by two coats of paint being added to the outside wood and cornice work.

We are now engaged in modernizing the kitchen of the church with the addition of about 30 feet of built-in cabinets. This project will include repairing and painting both the kitchen and dining room. Other minor repairs have recently been made on various parts of the church building.

Mrs. J. H. Allen, Mrs. B. F. Holmes, Mrs. J. A. Patrick, Mrs. J. T. Gregory, Mrs. S. C. Jennings and Mrs. J. B. Montgomery attended the Spiritual Life Retreat of the Womans Society of Christian Service held at Myrtle Beach Methodist Church on October the 3rd and 4th.

The Wesleyan Service Guild recently instituted a program of visitation to the Shut-ins of the community. On a certain night the members divide into teams and visit a certain number of the Shut-ins, carrying packages of fruit, candy and gum. A brief worship

service is held in each home.

An adult choir was organized in our church on Wednesday night, October 11th with the following officers being elected: Director, Mrs. B. F. Holmes; Assistant, Donald Lee; President, Frank Harold; Vice Pres., Mrs. Monroe Teaster; Secretary, Olin Hodge; Treasurer, Miss Dorothy Green. The members of the choir voted to enter the Textile Church Choir Contest, sponsored and conducted by the South Carolina Cotton Manufacturers Association.

The Board of Stewards for the new Conference year was recently organized with the following officers being elected: Chairman, Frank Harold; Vice Chairman, S. C. Jennings; Secretary, Robert McKeown.

With the new Conference year ahead of us and the evidence of a splendid spirit of loyalty and cooperation among our people we look forward to another year of fruitfulness in the religious life of our community.

Announcement

Dr. C. Williams Bailey wishes to announce that he will hold an office hour at Dr. R. D. Hill's office on Wednesday afternoon of each week. Hours will be from 2:00 to 4:30 P.M. and practice will be limited to diseases of children.

It gives me great pleasure to announce that I have persuaded Dr. C. Williams Bailey to come to Pacolet Mills one afternoon a week. As you all know, Dr. Bailey is a well known baby specialist, with years of experience and I feel that this community is quite fortunate indeed to have this service.

Dr. Bailey and I have been close friends since our medical college days, and I cannot recommend him too highly.
